WINNIPEG, MANITOBA

TO THE GRADUATING CLASS OF 1961

It is a pleasure for me to offer you my sincere congratulations on this very important occasion--the achievement obtained by your devotion to intensive study and hard work over the past three years. You have chosen one of the highest callings in life and are now embarking on a professional career where you will find it necessary to serve many unfortunate and discouraged souls.

In working with the sick entrusted to your care, may you always reveal yourselves as kindly, efficient, devoted and cheerful nurses. In everything you do, always recall your sacred pledge of devotion to duty.

May God bless and guide you always.

Sister Ste. Helene de Rome sm
Superior

Dear Graduates:

The good nurse reigns supreme. It is my earnest desire that this compliment "She is a good nurse" always be on the lips of those you will be in contact with and will be speaking of you, Graduates of 1961.

I can vouch that you have accepted very willingly the guidance of all those responsible for to-day's achievement, the hospital officials and members of the faculty and this docility gives you the reward of the obedient: Success.

As it is customary to give you a last advice, I shall stress one important personality trait, essential in your future endeavour. It is the key for a successful nursing career; I have selected Patience.

You may be pleasant, friendly, sincere, honest, co-operative, skillful, intelligent, professional, but if you are not patient, all these endowments vanish if you cannot practice nursing with a serene moderation when dealing with your patients, superiors, and co-workers.

How to acquire this characteristic? First, you have to realize that each and every person has ideas of his own and to accept this fact is wisdom. Secondly, do expel selfishness from your heart so that the great gift of peace from within will generate patience, a substantial attribute of a good nurse. Last, but not least, remember that a worthy life will be determined by your comprehension of your fellow men and this always requires practice of patience, an asset of a good nurse.

Never fear competition, depression, automatism, because you will always be in demand and obtain priority. A good nurse cannot be replaced.

It is my sincere wish that all graduates of 1961 be THIS Nurse.

Congratulations!

Your affectionate Director,

Sister St. Odilon, s.m.

Dear Graduates:

My best congratulations to all of you!

I have no doubt that this moment of graduation must be for you one of the most happy of all.

Your three years of intense study has now reached its fruitful conclusion and in one sense, this may be enough to make you joyful; but more than that, your earlier decision to become a professional

nurse has now been realized, so that you are free to follow your chosen vocation with responsibility and in accordance with your own faith. Many formulae have been written to guide a young graduate in the successful pursuit of her art, but none is effective without the practice of Christian virtues.

May I commend to you certain writings of Saint Peter.

"Do you accordingly as your part strive diligently to supply your faith with virtue,
Your virtue with knowledge,
Your knowledge with self-control,
Your self-control with patience,
Your patience with piety,
Your piety with fraternal love,
Your fraternal love with charity."

II Peter I. 5-7

We enjoyed having you with us, and may God bless you in your work.

Sincerely,

John N. R. Scatliff, M. B., B.S., D. P. H.

TO THE GRADUATING CLASS--MAY I EXTEND MY BEST WISHES!!

I have watched you as a group with a sense of high expectation, because you have the qualities that your youth gives you - the faculty to contain what you have and the energy to shape an intangible future, which is your right.

You are a group of young women of whom we are proud. You will always bear the stamp of the dedicated Sisterhood that led you. May you also bear the stamp of dedication that your calling commands.

Many of you will leave the field of nursing to follow a young heart's desire. When you do, may you feel a deep responsibility to humanity's need and at all times feel that your duty is not relinquished but that your dearest interests command you to a continuous bond with your profession; so that you may, when the need arises, return to the fold that drew you in your young womanhood.

CLASS OF SEPTEMBER 1961

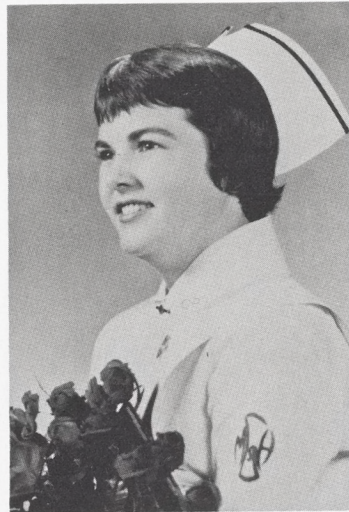

As we entered nursing we were but mere school girls filled with enthusiasm for helping the sick. We had no knowledge of what was in store for us; what was expected of us; what we would soon expect of ourselves. Quickly we learned the true meaning of the words honor, trustworthiness, duty and responsibility. We saw in our seniors and superiors all the qualities we hoped to attain. Day by day, year by year we strove towards this goal. We hope we have succeeded.

Now we are no longer school girls but young women with a highly honored profession and a definite purpose in life.

Congratulations and best wishes to my fellow graduates of 1961! It was a long and difficult journey packed with lots of study, hard work and fun, but we have finally reached our goal. We are now professional women and our profession is certainly one to be proud of.

I would like to thank the executive of 1960 for their good work and wholehearted support which was so essential in making the year a success. May I extend to you the new executive and the entire student body best wishes and encouragement.

Thank you for the honor of being your President. May God be with you all wherever you go and whatever you do.

Editor's Note

I would like to take this opportunity to thank Mother St. Odilon for her guidance, Davidsons Studio, Intercollegiate Press, my committee, and all the students who assisted in the preparation and assembly of this book.

It is the purpose of every year book to preserve in photographic and written record, our days as student nurses. We hope that this, the 1961 Semper Fidelis, will remind you of the many stages through which we must all pass to finally attain our common goal of Registered Nurse.

On its pages you will find evidences of serious thought, humour, and pride; the hours of study to pass exams, initiation, Blue Band Parties, dedication, and, of course, Graduation.

PRAYER FOR A NURSE

"Oh my God; I am about to begin the day's work.
Teach me to receive the sick in Thy name.
Give to my efforts success, sweet Jesus, for the glory of Thy Holy Name.
It is Thy work; without Thee I cannot succeed.
Grant that the sick Thou hast placed in my care may be abundantly blessed, and not one of them
be lost because of anything that is lacking in me.
Help Thou me to overcome very temporal weakness and strengthen in me whatever may enable
me to bring the sunshine of joy to the lives that are gathered round me day by day.
Make me beautiful within for the sake of Thy sick ones and those lives which will be influenced
by them.

Amen."

" Nurses Christian Fellowship "

What is the place of Nurses Christian Fellowship in the life of a nurse? Nursing is an opportunity of helping people when they are most in need. To be a good nurse means to understand and care for the whole person - His mental and spiritual, as well as his physical needs. But the nurse must first of all possess within her own life a sense of security, joy and tranquility of spirit that will enable her to lend strength, courage, cheerfulness and hope with real understanding to the patient.

N.C.F. recognizes the necessity of meeting the nurse's need first, if she is to minister to the needs of her patients, and seeks to help girls find a vital personal relationship with God through Jesus Christ, and to maintain that relationship through individual and group Bible study, prayer, and other types of Christian fellowship.

The M.S.N.A., which was formed in 1944, has two main objectives. First to provide social intercourse and good fellowship among the student nurses in Manitoba, thus reducing unnecessary friction between the schools of nursing. Secondly, to maintain a scholarship fund to provide assistance to any student in need of such to complete her training. The activities planned by the M.S.N.A. executive are successful only if the students themselves make it a success.

Our Second Mother

The Junior

Our "second Mother": M stands for the merriment she possesses, there is always a smile in spite of all troubles; O is for those orders, hard to obey sometimes, but always reasonable; T is for her teachings, she forever strives to increase our knowledge; H is for the heartaches we cause her, but she is always ready to forgive; E is for her energy, she never stops working. R is for her riches--everything that money can't buy.

We'll never be able to express our pride for our second mother and we'll never be able to repay her. Everything she does, and everything she says is on our behalf. She imparts to all a part of herself.

The Senior

She is the guiding light that shows the way as we climb the mountain toward our final goal--to be a nurse. We feel her firm hand prodding and guiding us over the rough terrain. Crags and gullies are frequent, but carelessness cannot be tolerated, for persevere we must, if the worthwhile goal is to be attained.

In our "Mother" we have found sympathy, warmth, an unequalled wit, and above all, a supreme gentleness and understanding.

Sports Committee

SEATED, Left to Right: Joanne Warren, 63A; Erna Kropf, 61B; Sharon Coleman, 61A; Joanne Stevens, 62A; Mary McGuffin, 62B.

Among the sports activities at Misericordia this year were a baseball game during the summer in which our instructresses as well as students participated. Prizes were offered to the winning team as well as individuals. The M.S.N.A. track and field meet was held early in the spring of 1960, again as in the previous year the trophy returned to Misericordia. The inter-school swim meet was held here in December and was a very successful and enjoyable event.

In addition to the group sports activities the girls, especially the preclinical and junior classes have put to good use our very beautiful swimming pool. Some of the girls have used up their excess energy playing badminton and volleyball in the auditorium.

Though sports at the present time are somewhat overshadowed by Graduation the girls are getting ready for the events of the coming year.

Rose Ball

Our lovely princesses, Keiko Nischikihama 63B, Carole Goulet 62B, Betty Rogers 62A, Joy Fitton 61B, Tannis Hall 61A, Andrea Cousins 63A.

The crowning of the Queen, Miss Tannis Hall, by Mrs. Taraska was the highlight of the evening.

This year washeld at the Club Copacabana on Feb. 14. Princesses left toright: Sharon Pasquill, Brandon Hospital; Sue Blacker, Grace Hospital; Elaine Shewflet, W.G.H.; Astrid Thorsen, '51 Queen crowning '62 Queen Rae Burrell, St. B.; Wilma Park, W.G.H.; Lynn Benthon, Victoria Hospital; Linda Bird, Misericordia Hospital.

A NURSE'S HEART

The eyes are closed, the lips are still.
That last precious breath is spent.
And those who have loved him all his life
Leave . . . head and shoulders bent.

We know, and feel their sorrow now
For we've seen this all before,
But the feeling of loss and sorrow here,
Must change . . . to a smile next door.

We like to share your happiness
When the battles you have won,
But facing death with tearless eyes
Is part of a job . . . well done.

So please don't think we're hard my friends,
With cold hearts and feelings few,
For when our loved ones pass away
We cry . . . just as hard as you.

ELAINE NICHOLLS, Class 63A.

PERSONALITY DISORDER

I'm dismally gloomy, you might say sick,
I can't comprehend what makes me tick.
My freedom, I've rejected, but just for tonight,
In exchange for my room, and plain sitting tight.

I feel useless, disgusted, tired and bored,
Lethargic as molasses newly poured.
I've books to be read, summaries to be done,
Enough work to last me till the rising sun.

I feel in ill humor and am fit for a fight,
It's a good thing my B.F. isn't here tonight.
I gaze in the mirror — what a hopeless scene!
Not at all like the one in yesterday's dream.

But tomorrow will come, and this spell will be past,
I know, 'cause that's the fate of the last.

*“It would be interesting,
Members of the Graduating Class,
to cast your horoscopes . . .*

“YOU will be better women for the life which you have led here. But what I mean by ‘better women’ is that the eyes of your souls have been opened, the range of your sympathies has been widened, and your characters have been moulded by the events in which you have been participators during the past years.

“Practically there should be for each of you a busy, useful, and happy life; more you cannot expect; a greater blessing the world cannot bestow. Busy you will certainly be, as the demand is great, both in private and public, for women with your training. Useful your lives must be, as you will care for those who cannot care for themselves, and who need about them, in the day of tribulation, gentle hands and tender hearts. And happy lives shall be yours, because busy and useful; having been initiated into the great secret — that happiness lies in the absorption in some vocation which satisfies the soul; that we are here to add what we can *to*, not to get what we can *from*, life.”

Sir William Osler
